MULTIMEDIA.DESIGNER

I am a freelance Multimedia Designer with a solid understanding of front-end development. I am currently looking to find a full time junior position in one of my fields. I love to tackle new projects both creatively and logically, with a solid action plan in place that leads to greater success. I am always dependable and will ensure that my work is completed efficiently and will consider all needs in regards to a polished final product.

Education

(2013 - 2015) **Multimedia Design and Development Diploma (Honours)** Humber College, Toronto ON

(2005 - 2010) Eastview Secondary School (O.S.S.G.D). Barrie ON

Essential Skills

- Work strongly as an active team member
- Work above and beyond what is required to achieve the best results
- Work together with a wide variety of people
- Fully competent using the following programs:
 - Adobe CC - InDesign, Illustrator, Fireworks, Photoshop, Premiere Pro, After Effects, Audition,
 - Microsoft Office - Excel, Word, Powerpoint
- Proficient in HTML 5 and CSS3
- Proficient in a PC or MAC based environment
- Excellent interpersonal and communications skills
- Attention to fine details
- Take pride in my work

Testimonials

“Ben's work for us was outstanding. Ben took the time to meet with me and fully understand our needs, then followed up with prompt designs. Ben handled the whole media campaign for us flawlessly.”

-**Bill Klassen,**

Principal of Governor Simcoe S.S. (2014-2016)

“I was referred to Ben Milnes by a close friend for designing our wedding invitations. We didn't want a 'cookie-cutter' invitation, we wanted a custom design. Ben was able to create a stunning Celtic-themed wedding invitation, that incorporated our ideas with his own creativity. I highly recommend Ben's services and have had a good working relationship since.”

-**Myles Ryan**
